## LAUDATO SI' ENVIRONMENTAL ACTION PLAN

Pope Francis has launched a Laudato Si' Environmental Platform, with 7 goals to address climate change, asking that parishes worldwide commit to making real, practical and meaningful changes over the next 7 years, hoping that we can become better stewards of the Earth. We are pleased to announce that *St. Francis of Assisi Parish has made a commitment to develop our own parish Laudato Si Environmental Action Plan*, to help each of our families individually and the parish as a whole come to appreciate God's Creation in a deeper way and to learn how to live as part of Creation. We have a small but dedicated team already in action and we want you to be involved!

- [Visit our parish website](#) for more information about this initiative, including Pope Francis' video message.
- Fill out our parish survey created by the Laudato Si' Team, either [by clicking here](#), or you can print a paper copy from our website and return it.
- Consider joining our team! You can contact the parish office for more information about this.
- Keep watching the bulletin and website for weekly information and projects we will be planning.

We are looking forward to a better future for all of God's creation, and we want to be part of making that future happen!

## COPING with COVID

### RESILIENCE - Vitality

**Vitality** is something we have already spoken about in this column, and it means taking care of yourself, physically, mentally and spiritually. **Vitality** is **Vital**! In order to be resilient and respond to life's challenges with dignity, strength and positivity it is **vital** that we feed our body, mind and soul with good food, exercise and relaxation. By taking care of ourselves our **vitality** will provide the support we need to live a life of resilience.

*Thank you to Teresa Hartnett for sharing many of these ideas with us! NOTE: If you are concerned for your own or a loved one's immediate safety please consult with your doctor, counsellor, therapist, CAMH, Telehealth or call 911.*
